<b>WHERE</b>	TEECO Products, Inc. 7471 Reese Road Sacramento, 95828  (916) 688-3535	Meeder/Ransome 3495 S. Maple Avenue Fresno, 93725  (559) 485-0979	Meeder/Ransome 12323 6 <sup>th</sup> Street Rancho Cucamonga, 91739  (909) 463-0600
<b>COST</b>	\$75 Registration Fee, including lunch and materials – <b>LIMITED TO 25 REGISTRANTS</b>		

Mobile truck cranes are an essential tool used every day in the propane industry to install, deliver and set tanks. Get trained on the safest way to operate cranes through a new program using materials from the Propane Education & Research Council that will help you meet all California general safety orders required by CalOSHA.

**WHO NEEDS THE TRAINING?** This training is designed to help crane operators, field technicians, and managers understand good practices and procedures associated with the safe operation of a mobile crane. Any employee that uses mobile truck cranes must receive training when they are hired as well as refresher training every five years. Each participant will receive a certificate of participation to satisfy CalOSHA’s training recordkeeping requirements.

**WHAT DOES THE TRAINING INCLUDE?** (1) Basic information on safely using and maintaining telescopic cranes; (2) How to respond to emergencies involving cranes; (3) Using crane capacity and load charts; and (4) Overhead power line safety. This course includes videos, printed materials, and hands-on training.
